Comprehension, or the ability to extract information from a text while reading, is an important skill for both your child's educational journey and his or her future. If your child can't comprehend texts, he or she is not able to read to his or her full potential. For this reason, you likely want to include a Comprehension program in your child's curriculum for homeschooling. Fortunately, you can access Modern Curriculum Press (MCP) Comprehension Plus. This homeschool program was designed to help students in elementary-level grades learn how to understand the information included in the texts they read. You can use MCP Comprehension Plus in conjunction with other English/language arts homeschool programs, to ensure your child gets a well-rounded education that primes him or her for advanced instruction. This approach ensures your child has plenty of opportunities to practice Comprehension, a task that will ultimately solidify the information you share. MCP Comprehension Plus: Grade 3 is part of the introductory group of reading programs.
