

## Neurosurgery Explained: A Basic and Essential Introduction

By Willem Adriaan Liebenberg

Vesuvius Books Ltd. Paperback. Book Condition: New. Paperback. 380 pages. Dimensions: 9.1in. x 6.0in. x 0.9in. Professor Al Rhoton says about this book: This book meets and exceeds its goal of being a residents survival guide. The book will be especially helpful to trainees in neurosurgery, however, medical students, interns, and multiple other medical specialists will also find it useful. I found the contents interesting, enlightening, and beneficial even after decades of neurosurgical practice. This is what Professor Joanne Hickey says about the book: well written, well organized, and practical text described by the author as a residents survival guide. It is a text that will be cherished and revisited often as a beloved friend who provides counsel when needed. A major strength of the text is the clarity of explanation about basic principles for interpreting imaging studies, supported by a wealth of excellent radiological images. The chapters on tumours are of remarkable quality and usefulness especially for a book of this size. The author and contributors have created a valuable resource to aid clinical training in neurosurgery. It is also an equally valuable resource for other physicians, nurses, and health professionals dedicated to the care of the neurological and neurosurgical...
