

The Hindu Temple, 2 Vols

By Stella Kramrisch

Motilal Banarsi Dass Publishers Pvt. Ltd., New Delhi, India, 2015. Hardcover. Book Condition: New. Dust Jacket Condition: New. Ninth Reprint Edition. The Hindu Temple is the sum total of architectural rites performed on the basis of its myth. The myth covers the ground and is the plan on which the structure is raised. It explains in detail the religious and spiritual significance of the temple by means of copious references to Sanskrit texts—both sacred and scientific. It depicts the Hindu Temple as not merely a heap of brick, stone or wood but a visible symbol of aspirations of pious men and women, the throbings of their hearts in religious fervor and their endeavor for the attainment of salvation. The first four parts of this volume are devoted to the philosophy of temple architecture. Part V deals with the origin and development of the temple from the Vedic fire altars to the latest forms. Part VI discusses the pyramidal and curvilinear superstructures in the main varieties of the ikhara, the ikhara enmeshed in Gavaksas and the composite ikhara. Part VII described the proportional measurements and the rhythmic disposition of the garbha-grha and the vertical section. It discusses the proportions of the Mandapa...
