Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Electro-Platers Handbook: A Practical Manual for Amateurs and Young Students in Electro-Metallurgy This book has been written to meet the wants of amateurs and young workmen desiring a practical manual on electro-plating at a low price. It supposes the workman to have an elementary acquaintance with electrical science, and a wish to put this knowledge to a practical use in the electro-deposition of metals. Although the information given here has been proven in the workshop, the author has not relied entirely on his own experience, but has incorporated with it the experience of fellow-workers in the art. His thanks are specially due to Mr. J. E. Hartley, of the firm of Messrs. J. E. Hartley and Co., 13, St. Paul's Square, Birmingham, for useful information and loan of electros; to Mr. T. Hemming, of the firm of Messrs. Canning and Co., Birmingham; to Messrs. Doulton and Co., Lambeth Potteries, S.E.; Messrs. Cassell and Co., Crosby Lockwood and Co., and the Electrical Engineering Corporation, for loans of electros. Much of the information contained in Chapter III. has been kindly supplied by Mr. S. Bottone, the well-known author of Electrical Instrument Making for Amateurs, Electric Bells and all About Them, Electro-Motors, How Made and How Used, etc., etc. The hints herein given on the choice, management, and care of electroplating dynamos, will, it is believed, supply a want long felt by electro-platers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing...
