

Structure, Dynamics, Interactions and Evolution of Biological Macromolecules: Proceedings of a Colloquium Held at Orleans, France on July 5-9, 1982 to Celebrate the 80th Birthday of Professor Charles Sadron

By -

Springer. Paperback. Book Condition: New. Paperback. 422 pages. Dimensions: 9.6in. x 6.7in. x 1.0in. A Colloquium was held in Orleans on July 5-9, 1982, to celebrate the 80th birthday of Professor Charles SADRON. This meeting was devoted to the Structure, Dynamics, Interactions and Evolution of Biological Macromolecules, research areas whose development in France owes so much to Pr. Sadron's efforts. The Colloquium was sponsored by the Centre National de la Recherche Scientifique and the Muséum National d'Histoire Naturelle. This book is a collection of the plenary lectures delivered during this scientific meeting together with several contributions from former collaborators of Prof. Charles Sadron. Charles Sadron was born in 1902 at Chateauroux, near the center of France. After highschool in his native town he moved to the University of Poitiers where he was graduated in Physics and then obtained the Agregation degree in 1926. Appointed as a highschool teacher in Strasbourg, he devoted his spare time to research in magnetism under the direction of Prof. P. Weiss. He got his Ph. D. from the University of Strasbourg in 1932 and then did a post-doctoral work at Caltech with Prof. Von Karman. Back to France in 1934, he was appointed...

Reviews

It is one of my personal favorite ebooks. Better than ever, though I am quite late in starting reading this one. I am effortlessly will get a satisfaction of reading a published ebook.

-- Ms. Lavada Krajcik

Comprehensive guideline for book lovers. It can be filled with knowledge and wisdom I realized this publication from my dad and I suggested this pdf to find out.
