Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book. This book is designed for students who struggle with algebra. It is not meant to be a textbook, nor is it a replacement. It is less complete and more informal. Its purpose is to help clarify the logical extension of algebra as part of the mathematical system that we already understand. Although we will discuss various algebraic manipulations that can be used for solving problems, the main objective will be to help you understand and be able to use this potent extension of arithmetic.
