HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, Miles and Miles of Reptiles, Dr. Seuss, There are thousands of reptiles. I'll show some to you. Your mother will not mind at all if I do. Join the Cat in the Hat as he introduces beginning readers to reptiles. This title and others form part of a series of books that takes an off-beat look at nature and natural sciences through a fun combination of Seussian rhymes and zany illustrations. Aimed at early readers - from four to seven year olds - the books are designed to bridge the gap between concept books written for preschoolers and more formal non fiction titles that require fluent reading skills. By presenting the facts in a lively and rhythmic manner, they provide the critical foundation upon which complex facts and ideas can eventually be built.
