Xlibris Corporation. Paperback. Book Condition: New. Paperback. 86 pages. Dimensions: 8.8in. x 5.9in. x 0.4in. In his hope to move forward to a better, fairer, and happier society, respecting both individuals and environment, author Richard Valton proposes some revolutionary approaches and achievable solutions for everyone to take and do. In *The Fraternity Revolution*, he explores human behaviour in a holistic manner examining its intertwined components such as violence, the mechanisms of terror and fear, globalisation of poverty, conflict and war, economic growth, competition, property rights and their built-in violence, capital flows and the monetary system, religions and their impact on human behaviour, the roots of ageing and death, animal liberation and vegetarianism, birth control and the banality of violence. *The Fraternity Revolution* is a call for non-violence and solidarity that will allow the world to utilise its full resources for the betterment and growth of all. This may be the last true revolution, which can't be contained in one country alone, but rather throughout the world, where true international foundation is observed. You cannot simply be indifferent or passive, you have to do your part for a radical behavioural change.
