

History of Japanese Art

Filesize: 5 MB

Reviews

Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.

(Bernardo Feeney Jr.)

Tuttle Shokai Inc. Paperback. Book Condition: new. BRAND NEW, History of Japanese Art, Noritake Tsuda, "Handbook of Japanese Art" offers readers a comprehensive view of Japanese art through Japanese eyes - a view, in a word, that is the most revealing of all perspectives. At the same time, it provides readers with a guide to the places in Japan where the best and most representative creations of Japanese art are to be seen. It surveys the full range of achievement in painting, sculpture, architecture, ceramics, lacquerware, woodblock printmaking, metalwork, textiles, garden making, and other artistic fields. The approach is chronological, and the art of each historical period is introduced by the categories in which it found its most significant expression during that period. Here, for example, are the strikingly 'modern' creations of the prehistoric potters, the Buddhist paintings of early historical times, the dramatic sculpture of the Kamakura period, the ink painting of the Muromachi age, and the woodblock prints and porcelains of late feudal times. All these and many other treasures are illustrated in an abundant selection of photographs.
