A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Brand New Book ***** Print on Demand *****.Excerpt from An Easy Method for Beginners in Latin The volume now offered to the public is intended to introduce the learner to such a practical and working knowledge of the Latin language as will enable him to read Caesar or Nepos with some degree of pleasure. The following are a few of the leading features of the work: 1. This volume is not a mere companion to the grammar, but a practical guide for the pupil in the work of reading, writing, and speaking Latin. It approaches the language on its practical side. The very first lesson, without a word of grammar, introduces the learner to complete Latin sentences with verb, subject, and object. Thus at the very outset he finds himself already using the language. He is not only reading Latin, but actually writing and speaking Latin. 2. The work is at once a Book of Latin Exercises, a Latin Reader, and a sufficient Grammar for the beginner. There is a growing conviction among teachers that the attempt to prepare boys to appreciate Caesar by means of a few short lessons and exercises is a failure - that to do this successfully requires a generous course in reading easy and interesting Latin. Indeed, in some schools it has been deemed wise to supplement the introductory Latin course by additional reading before entering upon the consecutive study of Latin authors. An attempt has accordingly been made to give this work sufficient size and scope to meet this reasonable demand.
